INDEPENDENT AUDITORS' REPORT

Members of the Library Board of Trustees
Waukegan Public Library
City of Waukegan

We have audited the accompanying financial statements of the governmental activities, the major fund and discretely presented component unit of the Waukegan Public Library, a component unit of City of Waukegan, Illinois, as of and for the year ended April 30, 2010, which collectively comprise the Library's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Waukegan Public Library's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The Public Library of Waukegan has not presented a Management's Discussion and Analysis as required supplementary information that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund and discretely presented component unit of the Waukegan Public Library, as of April 30, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we will also issue a report on our consideration of the City of Waukegan's, of which the Waukegan Public Library is a component unit, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Members of the Library Board of Trustees
Waukegan Public Library
City of Waukegan

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Waukegan Public Library's basic financial statements. The supplementary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

RECONCILIATION OF THE GOVERNMENTAL FUND
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED APRIL 30, 2010

Net change in fund balances - total governmental funds \$ 359,294

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period. 248,683

The issuance of long-term debt (bonds, capital leases, etc.) provides current financial resources to the governmental funds, while its principal repayment consumes current financial resources of the governmental funds. Neither transaction, however, has any effect on net assets:

Principal repayments	\$	175,075	
Loan issuance		<u>(201,932)</u>	(26,857)

In the Statement of Activities, operating expenses are measured by the amounts incurred during the year. However, certain of these items are included in the governmental funds only to the extent that they require the expenditure of current financial resources:

Interest payable		<u>2,318</u>	<u>7,703</u>

WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2010

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Waukegan Public Library (“the Library”), Illinois have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units (hereinafter referred to as general accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Library’s accounting polices are described below.

Reporting Entity

The Library operates and maintains the public library within the City of Waukegan. The Library is a legally separate entity whose Board is appointed by the Mayor of the City of Waukegan with the approval of the City Council. The Library may not issue bonded debt without the City’s approval and its property tax levy is subject to the City Council’s acceptance, and is therefore, considered to be a component unit of the City of Waukegan, Illinois. This report represents the financial activity of the Waukegan Public Library for the year ended April 30, 2010.

A legally separate, tax exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) The primary government is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization; (3) The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. Blended component units, although legally separate entities, are, in substance, part of the government’s operations and are reported with similar funds of the primary government. The discreetly presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the primary government.

Discretely Presented Component Unit

Waukegan Public Library Foundation

The government-wide financial statements include the Waukegan Public Library Foundation (Foundation) as a component unit. The Foundation is a legally separate organization. The board of the Foundation is elected by the Library Board. The Library can impose its will on the Library Foundation. As a component unit, the Foundation's financial statements have been presented as a discrete column in the financial statements.

CITY OF WAUKEGAN
WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS

Basis of Presentation

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the Library. The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues instead.

Fund Financial Statements

The accounts of the Library in the governmental fund financial statements are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures. Fund accounting segregates funds according to their intended purpose, and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Separate financial statements are provided for the governmental (General) fund, the only fund of the Library.

Measurement Focus, Basis of Accounting, and Financial Statement Preparation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied and intended to be utilized. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental funds are used to account for the Library's general government activities. Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available".

"Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Library considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due, and certain compensated absences, claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

CITY OF WAUKEGAN
WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2010

Property taxes and interest on investments associated with the current fiscal period are susceptible to accrual and are recognized as revenues of the current fiscal period. Other receipts become measurable and available when cash is received by the Library and are recognized as revenue at that time.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant and accordingly, when such funds are received they are recorded as deferred revenues until earned.

When both restricted and unrestricted resources are available for use, it is the Library's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities and Net Assets or Equity

Deposits and Investments

The Library's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Library to invest in obligations of the U.S. Treasury, certain highly-rated commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool. Investments are stated at fair value. Changes in fair value of investments are recorded as investment income.

Property Tax Revenues

Property taxes for 2009 attach as an enforceable lien on January 1, 2009, on property values assessed as of the same date. Taxes are levied by December of the fiscal year (by passage of a Tax Levy Ordinance). Tax bills that are prepared by Lake County are issued on May 1 and are payable in two installments on June 1st and September 1st.

The Library's 2009 tax rates per \$100 of assessed valuation, together with the related maximum tax rates, that where applicable, are as follows:

	<u>Lake County</u>
Library	<u>.246</u>

The Counties collect such taxes and remit them periodically. The allowance for uncollectible taxes has been stated at 0.2% of the tax levy or \$7,702 to reflect actual collection experience. The 2009 property tax levy is recognized as a receivable in fiscal 2010, net the allowance for uncollectible. The Library has determined that both installments of the 2009 levy are to be used to finance operations in fiscal 2011 and has deferred the corresponding receivable.

CITY OF WAUKEGAN
WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2010

Capital Assets

Capital assets, which include buildings and improvements, and furniture and equipment, are reported in the government-wide financial statements. Capital assets are defined by the Library as assets with an initial individual cost of more than \$1,000 and a useful life greater than 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Depreciation of capital assets is provided using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	20-40
Furniture and equipment	5-20

Deferred Revenues

The Library reports deferred revenue on its financial statements in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. The Library also defers revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the financial statements were as follows:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Totals</u>
Property taxes receivable for subsequent year	\$ -	\$ 3,843,601	\$ 3,843,601
Total	\$ -	\$ 3,843,601	\$ 3,843,601

Compensated Absences

The Library accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. There is no liability for accumulated sick days as they are not paid out to an employee. All vacation pay is accrued when incurred in the government-wide financial statements.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Data

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the governmental fund. Budget amounts were amended during the year by the Board of Trustees. All annual appropriations lapse at fiscal year end.

The budget is prepared by fund, function, department and object, and includes information on the past year, current year budget, current year estimates and requested budget for the next fiscal year. The proposed budget is presented to the Board of Trustees for review. The Board of Trustees holds public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget. Any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level.

NOTE 3 – DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds, and their discretely presented component unit, the Waukegan Public Library. Each fund type's portion of this pool is displayed on the statement of net assets and balance sheet as cash and investments. In addition, investments are separately held by the Library. The Waukegan Public Library follows the City's investment policy.

Permitted Deposits and Investments - Statutes authorize the Library to make deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Investment Pool. The Library's investment policy allows the Library to invest in any type of security allowable in Illinois statutes regarding the investment on public funds.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investments could be sold.

**CITY OF WAUKEGAN
WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2010**

For disclosure purposes, for the Waukegan Public Library, these amounts are segregated into three components: 1) cash on hand 2) deposits with financial institutions, which include amounts held in demand accounts, savings accounts and non-negotiable certificates of deposit; and 3) investments, which consist of investments in the Illinois Funds, as follows:

	<i>Library</i>	<i>Foundation</i>
Cash on hand	\$ 100	\$ -
Deposits with financial institutions	1,131,502	69,372
Illinois Funds	312,338	-
 Total	\$ 1,443,940	\$ 69,372

Interest Rate Risk

The Library's investment policies seek to ensure preservation of capital in the Library's overall portfolio. Return on investment is of secondary importance to safety of principal and liquidity. The policy requires the Library's investment portfolio to be sufficiently liquid to enable the Library to meet all operating requirements as they come due. The Library has invested \$312,338 in the Illinois Funds which are due on demand.

Credit Risk

State Statutes limit the investments in commercial paper to the top three ratings of two nationally recognized statistical rating organizations (NRSRO's). The Library's investment policy authorizes investments in any type of security allowed for in Illinois statutes regarding the investment of public funds.

Concentration of Credit Risk

The Library's investment policy requires diversification of the investment portfolio to minimize risk of loss resulting from over-concentration in a particular type of security, risk factor, issuer, or maturity. The Library's investments are managed by the Waukegan City Treasurer, who operates its investments as an internal investment pool where each fund reports its pro rata share of the investments made by the City Treasurer. In this internal investment pool there were no investments which are subject to concentration for credit risk that represent more than 5% of the portfolio as of April 30, 2010.

Custodial Credit Risk - Deposits

With respect to deposits, custodial credit risk refers to the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Library's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured with collateralization pledged by the applicable financial institution to the extent of 102% of the value of the deposit. As of April 30, 2010, the bank balance of deposits with financial institutions was \$1,131,502 of which \$144,905 was uncollateralized.

CITY OF WAUKEGAN
WAUKEGAN PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2010

Custodial Credit Risk - Investments

With respect to investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Library's investment policy requires all securities to be held by a third party custodian designated by the Treasurer and evidenced by safekeeping receipts.

NOTE 4 – CAPITAL ASSETS

The Library's capital asset activity for the year ended April 30, 2010, was as follows:

	<i>Beginning Balance</i>	<i>Increases</i>	<i>Decreases</i>	<i>Ending Balance</i>

The library building note is a direct obligation and pledges the full faith and credit of the Library. The notes were issued to finance an extensive remodeling of the Library's existing building. Library building notes currently outstanding are as follows:

Purpose	Interest Rates	Original Indebtedness	Carrying Amount
Series 1997 Library Building Notes dated September 1, 1997 are due in annual installments through January 1, 2017	5.60% - 9.00%	\$ 2,600,000	\$ 1,295,000
Total		\$ 2,600,000	\$ 1,295,000

Annual sinking fund redemptions begin January 1, 2017.

Annual debt service requirements to maturity for Library Building Notes are as follows for governmental type activities:

	Principal	Interest	Total
2011	\$ 155,000	\$ 76,405	\$ 231,405
2012	165,000	67,260	232,260
2013	175,000	57,525	232,525
2014	185,000	47,200	232,200
2015	195,000	36,285	231,285

NOTE 8 – RETIREMENT SYSTEMS

Illinois Municipal Retirement Fund

The Library contributes to the Illinois Municipal Retirement Fund (IMRF) an agent multiple employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois through the City of Waukegan. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Employees participating in IMRF are required to contribute 4.50 percent of their annual covered salary. The member rate is established by state statute. The City is required to contribute at an actuarially determined rate. The employer rate for calendar year 2009 was 7.66 percent of payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis (overfunded liability amortized on an open basis). The amortization period at December 31, 2009 was 23 years.

The employees of the Library are pooled with the employees of City of Waukegan for purposes of actuarial valuation. Therefore, the amount of accumulated retirement liability and normal costs related specifically to Library personnel is not available.

NOTE 8 – SUBSEQUENT EVENTS

In September, the Library issued \$4,000,000 in General Obligation Debt Certificates at an interest rate of 4.18% in order to pay for renovation and refinancing.
